RE: BOIL WATER NOTICE #4629
MILLTOWN-WASHBURN WATER USERS - PWS ID # 773

The Arkansas Department of Health has confirmed the 'Boil Water' Notice issued by William Robinson for the customer along west end of Barber Road, east end of Echo Road, Sandridge, Morgan and Dizzy-Dean Road on November 29, 2021. This order was issued as a precautionary measure because of the possibility that contaminated water may have entered the distribution system as a result of a loss in normal system pressure.

Under the 'Boil Water' Notice, all affected customers are advised that the water may be unsafe for human consumption, and water used for drinking or food preparation must be boiled briskly for one (1) minute prior to use. All ice cubes should be discarded and only boiled water used for making ice.

This Notice will be lifted by the Department of Health when 2 sets of 2 bacteriological samples indicate that the water is free of bacterial contamination and an adequate disinfectant level is established throughout the distribution system.

We recommend that you directly notify the news media.

Sincerely,

Rebecca Davis
